SUMMARY

Senior Software Development Engineer with **3.5+ years** of experience designing, building, and shipping production web applications on the **MERN stack** (React.js, Next.js, Node.js, Express.js, TypeScript, MongoDB, PostgreSQL). Led a **4-member development team** as Unit Lead, delivering client projects end-to-end from requirements to production. Currently driving **application security hardening** for cloud services client VirtualDCS — Azure Key Vault secret management, API endpoint security, and role-based access control (RBAC). Winner of the **Tatva Award** (ICICI Prudential) and **Best IOne Ranger Award** for engineering excellence.

SKILLS

Languages: JavaScript, TypeScript, Java, SQL, HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS, REST APIs

Databases: MongoDB, PostgreSQL, MySQL

Cloud: Amazon Web Services (AWS)

Tools & Practices: Git, GitHub, Postman, AI-Assisted Development, System Design, Software Testing, Clean Architecture, SOLID Principles

Core CS: Data Structures & Algorithms, OOP, Operating Systems, DBMS, Software Engineering

EXPERIENCE

Technology Consultant – Senior Software Development Engineer

Poplify Pvt Ltd, Panchkula | Dec 2025 – Present

- Serving as a full-time developer for cloud services client **VirtualDCS**, leading application security improvements: migrated hardcoded secrets from source code to **Azure Key Vault** with secret rotation, secured API endpoints, and implemented **role-based authorization (RBAC)**.
- Delivered a full-stack web platform for the NGO **One Kind Act** end-to-end — architecture, development, and production release.
- Architect scalable, modular backend systems following **clean architecture and SOLID principles**; drive technical design discussions and architecture decisions across multiple projects.
- Engineered structured prompt frameworks and **rule-based AI workflows** that keep AI-assisted code generation precise, standards-compliant, and aligned with the latest documentation.
- Mentor junior developers on development standards, code quality, and production best practices.

  Tech: React.js, Next.js, Node.js, Express.js, TypeScript, MongoDB, PostgreSQL, Tailwind CSS

Senior Software Development Engineer – MERN Stack

Neebha Web Services Pvt Ltd, Mohali | May 2025 – Nov 2025

- Led a **4-member MERN team** as Unit Lead; delivered **2 full-stack client projects** end-to-end, including an **eCommerce platform** and an **online grocery store**, ensuring scalability, security, and optimized workflows.
- Collaborated directly with clients to gather requirements, translating technical challenges into business-friendly solutions and maintaining strong client relationships.
- Mentored junior developers on MERN development, design, and clean coding practices, improving team efficiency and reducing delivery timelines.

  Tech: React.js, Next.js, Node.js, Express.js, MongoDB, PostgreSQL, TypeScript, Tailwind CSS

Software Development Engineer (Trainee to Associate)

Hansa Solutions India Pvt Ltd, Hyderabad | Feb 2023 – Apr 2025 | Client: ICICI Prudential Life Insurance

- Spearheaded the upgrade of the **IOneG application from V3.0 to V4.0**, implementing the solution from scratch.
- Led development of **10+ new features** and maintained core submodules of the **Insurance One** product suite, streamlining automation of Group Insurance processes.
- Delivered **90%+ of change requests on the first attempt**; deployed releases to UAT and Production servers with full production support.
- Led CR review meetings with the client, recommending alternative solution approaches that optimized project efficiency.
- Designed performance- and user-centric module enhancements; produced detailed unit-testing reports and test cases covering edge and negative scenarios.

EDUCATION

M.Tech, Computer Software Engineering **2026 – Present**
BITS Pilani — Work Integrated Learning Programme (WILP)

B.Tech, Computer Science Engineering **2019 – 2023**
SRM University — Specialization in Cloud & Mobile Based Applications | CGPA: 8.56

AWARDS & CERTIFICATIONS

- **Tatva Award**, ICICI Prudential Life Insurance (2024) — IT category, Best Agent in Group Pricing. [View]
- **Best IOne Ranger Award**, Hansa Solutions Annual Awards (2024) — excellence in software innovation. [View]
- **McKinsey.org Forward Program**, McKinsey & Company (2025) — structured problem-solving and digital proficiency. [View]
- **Web Development Bootcamp (MERN Stack)**, CodeHelp — 4.5-month full-stack program. [View]
- **Low-Level Design (LLD)**, CodeHelp — 4-month program on design principles and scalable architecture. [View]
